

**KENTUCKY LIBRARY ASSOCIATION—SPECIAL LIBRARIES SECTION
INNOVATION AWARD NOMINATION**

The purpose of this award is to recognize the contributions of an individual who has applied creative ideas or innovative thinking in his/her library which has resulted in significantly changed or enhanced processes, procedures, workplace environment, or which has improved services to constituents.

The nominee must be an individual member of the Special Library Section of the Kentucky Library Association or be employed by a library holding institutional membership.

The nominee must have had an original innovation that helped resolve a problem, established an improved procedure, applied a unique idea to an old problem for better efficiency, changed a process that saved money or any other creative application which improved the library or the library's services in some way.

Nominations should be concise, responding to the above criteria. Submit no more than one page of justification, with no more than two pages of supporting material (news articles, photos, drawings/sketches, or other supporting documentation). The supporting material is not a requisite.
